

Testimonials for Coaching Towards Outstanding Teaching and Learning

Learn the pedagogy of coaching

- My learning from today has been the best I have received from a training course. So much to take away and use with colleagues
- This has been such a revealing course, I thought I was coaching but I am definitely mentoring. I particularly liked learning about questioning techniques and how to use questions to challenge my mentees
- I have really enjoyed the day and have learnt a great deal about coaching. I have been asked to investigate developing a coaching culture for the school and this has been immensely helpful
- This has been an amazing day. The trainer, the content and the really useful resources have all given me a brilliant starting point to begin to look at coaching in my role as Head of Teaching and Learning
- I thought I knew what coaching was and have now realised that I mostly mentor. It has been revealing and highly informative and excellent for my own learning.
- I am taking away a lot of different ideas and materials to use with colleagues. Today has been of great value
- This has been a useful and very practical course that has improved my skills and my understanding of coaching and how it can help teachers to improve their approach in the classroom
- This course has exceeded my expectations greatly. I now have a framework with which to work and loads of tools and techniques to put it into practice
- Today has been a reinforcement of what I already know but it has also given me loads of new ideas and suggestions as to how to move forward now that we have started along the coaching journey.
- I especially liked the opportunity to look at the process of reflection for growth both working within a team and as an individual
