

Testimonials for The Learning Room

A ready to use package of CPD

- This package has proved enormously useful. There is a wealth of useful information and we have used it to train all our teachers and refresh their understanding and skills
- A very comprehensive look at some of the skills that all pupils need especially at the moment when virtual learning is an increasingly important part of their experience
- Extremely useful materials and activities. We have had excellent feedback from those staff who have used this resource
- This package has such a lot in it. It is all so very relevant to all staff in school. We will be revisiting much of the material over the next few months. It is so accessible and there is so much to learn within it
- A very original approach to developing an understanding of some of the important skills for learning. There is a lot of materials that will give us CPD for some considerable time, thank you
- A deeply well thought through package that has proved very useful for all our staff. I particularly like the way that you can dip into different sections and resources very easily
- We are a small primary school and this package has proved invaluable as our CPD strategy for the next few months
- There is a lot to take in and loads of useful materials to use. The videos bring it alive and the whiteboards are fun. Altogether an excellent package
- Everyone here has enjoyed using this package. It is easy to navigate and the resources and materials are excellent
